These dynamic Scouting Facebook ads should be posted on your Pack Facebook page (and/or your personal page should you choose) and then using the provided letter to ask your parents to share it with their contacts. They will be able to share it right from your post.

Once your post is created, click the 3 dots in the right hand corner (circled in Red below). Select the "show in tab" option, then at the top of the new window right click on the title, and select "copy link address". Past that link in the letter to parents, and now they will be able to go right to your post to share it themselves!

Your finished post should look like this:

Ft. Hamilton District - Dan Beard Council
